

MOTHERS' MILK BANK AT AUSTIN 2020 AT A GLANCE

We're saving babies' lives one drop of donor human milk at a time:

- Provided over **7,220 gallons** of milk to **155 hospitals** and **145 in-home babies** in TX and 21 other states
- Received over **1.4 million ounces of milk** from 1,898 unique milk donors
- Donated **\$250,000** in charitable care to medically fragile babies whose insurance didn't cover our costs
- Taught more than **100 students and providers**: nurses, doctors, and dieticians
- Built a **Memorial Garden** to honor the 700 milk donors since 1999 whose babies died too soon
- Initiated a **community program** to address health disparities in black families related to breastfeeding
- Built a **new web platform** that is contemporary, courageous, and accessible
